Engine Diagnosis & Repair No-one wants to think about replacing an engine in their vehicle, but thankfully most engine problems can be repaired without writing off the entire engine or vehicle. Our technicians can diagnose and perform various engine repairs to emission control systems, EGRs and turbos, replace cylinder heads, timing belts, head gaskets or manifold gaskets, and more.

Engine Diagnosis & Repair - Splerings Automotive
Since 1982, the On-Board Diagnostic (OBD) system has helped automotive technicians monitor and find problems with emission components or control systems that may have gone out of their normal operating parameters. A car's computer uses DTCs to pinpoint a potential system's fault.
