Islam on Health and Illness. The belief that body and soul belong to God and will return to him grounds Muslim recognition of the sanctity of human life and of the need to ensure both physical and spiritual well-being. The Qur'an speaks of God's revelation as healing for the illness of the human heart, and the Prophet is reported to have ...

### Islam on Health and Illness

Physicians and patients often hold discrepant models of health and illness that may affect the effectiveness of communication during the clinical visit. An extreme example of such a discrepancy exists when the patient feels that he or she has an illness that is not defined within the biomedical paradigm. These are commonly referred to as folk illnesses.
