The Arab Winter as "Morbid Symptom" - New Politics

Since the first wave of uprisings in 2011, the euphoria of the "Arab Spring" has given way to the gloom of backlash, clashes between rival counter-revolutionary forces, and a descent into mayhem and war. Morbid Symptomsoffers a timely assessment of the ongoing Arab uprising.

Morbid Symptoms - Saqi Books

Morbid Symptoms offers a timely assessment of the ongoing Arab uprising. Focusing on Syria and Egypt, Gilbert Achcar analyzes the factors of the regional relapse: the resilience of the old regimes, the power of religious reactionary forces, the exceptional number of rival international and regional supports of both reactionary camps, and the shortcomings of progressive forces.

Gilbert Achcar Morbid Symptoms Relapse in the Arab Uprising

Gilbert Achcar's aptly titled Morbid Symptoms: Relapse in the Arab Uprising arrives at the very moment when Bashar al-Assad's military and his assorted foreign legions are on the brink of final victory over the rebels according to some analysts. As the killing machine advances on East Aleppo in order to impose a siege that will likely cost the lives of thousands of civilians through a ...
